Uterine Cancer Screen 2 Tissue Microarray - LS-SUTCA2

CatalogID:	LS-SUTCA2
Product Name:	Uterine Cancer Screen 2
Description:	3 uterine cancer specimens and 1 benign/non-malignant uterus specimen
Format:	FFPE
Category:	Tumor and Normal
QA/QC:	H&E reviewed
Storage:	Short term RT; Long term 4ºC
Clinical History:	No
Tissue Marker:	No
Stage/Grade:	No
Core Diameter:	
Core Thickness:	4-6 µm
Cases:	4
Cores:	5
Slides Per Set:	1

Diagnosis Type Legend

Benign non-neoplastic	**Diseased**	**Inflammatory**	**Malignant**	**Metastatic**	**Tumor**	**Unknown**

Element Tissue Legend

Placenta (Pla); Uterus (Ute)

Element Details

Slide	Pos	Species	Sex	Age	Tissue	Diagnosis	Diagnosis Type
1	1	Human	F	58 y	Uterus (Ute)	Endometrioid adenocarcinoma	Malignant
1	2	Human	F	41 y	Uterus (Ute)	Endometrioid adenocarcinoma	Malignant
1	3	Human	F	54 y	Uterus (Ute)	Endometrioid adenocarcinoma	Malignant
1	4	Human	F	40 y	Uterus (Ute)	Normal	Benign non-neoplastic
1	5	Human	F	29 y	Placenta (Pla)	Normal	Benign non-neoplastic

Tissue Fixation: Formalin-fixed paraffin-embedded (FFPE) tissues are fixed in 10% neutral buffered formalin for 24 to 48 hours prior to embedding in paraffin.

Pre-Treatment: Some slides are coated with a thin layer of paraffin for protection. Prior to use, these slides should be baked at 55-60°C for 1-2 hours to remove this layer, followed by a standard deparaffinization/antigen retrieval protocol. Uncoated slides, for which the tissue cores can be easily seen on the glass, do not require baking.

Returns & Refunds: Any problems with LifeSpan products must be reported to LifeSpan within 10 days of product receipt. The customer must obtain written authorization from LifeSpan before returning items. To request that goods be returned, please contact LifeSpan Customer Support (tma@lsbio.com).
If an error by LifeSpan BioSciences results in shipment of an incorrect order, LifeSpan will, at its option, either ship a replacement order at no charge, or credit the customer's account for the original product shipped in error.

Conditions & Warranty: All LifeSpan products are intended for research use only and are not for use in human therapeutic or diagnostic applications. The information supplied with each product is believed to be accurate, but no warranty or guarantee is offered for the products, because the ultimate conditions of use are beyond LifeSpan's control. The information supplied with each product is not to be construed as a recommendation to use this product in violation of any patent, and LifeSpan will not be held responsible for any infringement or other violation that may occur with the use of its products. Under no event will LifeSpan be responsible for any loss of profit or indirect consequential damage, including, but not limited to, personal injuries resulting from use of these products. LifeSpan's liability to any user of Products for damages that do not result from any fault of the user, will be limited to replacement of the Product(s) only, and in no event shall LifeSpan's liability exceed the actual price received by LifeSpan for the Product(s) at issue. LifeSpan shall not be liable for any indirect, special, incidental or consequential damages. LIFESPAN FURTHER DISCLAIMS ANY AND ALL EXPRESS AND IMPLIED OR STATUTORY WARRANTIES WITH RESPECT TO THE PRODUCTS, INCLUDING BUT NOT LIMITED TO ANY IMPLIED WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE. LifeSpan disclaims any and all responsibility for any injury or damage which may be caused by the fault of the user.

Technical Support: All requests for technical support should be submitted to tma@lsbio.com.
